EDUCATION

ITM Skills University

Bachelor of Technology in Computer Science

Aug, 2024 – May 2028

CGPA - 9.52

EXPERIENCE

Junior Developer Engineer, QA Tester

8Bits Group

Month Year – Month Year

Client-Site Deployment

- Worked directly with clients on-site to gather requirements and understand real-world software use cases
- Tested applications and ensured implemented features matched client specifications and functional expectations
- Collaborated with development teams to troubleshoot issues and assist in problem-solving during deployment
- Developed Excel automation scripts to streamline data processing and reduce manual operational effort

ACHIEVEMENTS

Winner – IMAGINE Hackathon (PIWOT 2025)

PanIIT Alumni India – National-Level Hackathon

Prize: INR 50,000

Winner – ITM Buildathon 3.0

ITM Skills University – Flagship Hackathon

Prize: INR 7,000

Hackathon Champion

ITM Group of Institutions

National Cyber Olympiad (NCO)

Rank 2

PROJECTS

SecureExam Lite | *Flask, JavaScript, MongoDB, MediaPipe, Computer Vision*

- Built a browser-based AI proctoring tool for real-time exam monitoring
- Implemented selfie-based identity authentication and continuous face-activity tracking to detect and flag suspicious exam behavior
- Developed exam administration features including exam creation, automatic grading, and proctoring log management

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS

Frameworks: React, Node.js, Flask, FastAPI

Databases: MongoDB

Developer Tools: Git, VS Code, Eclipse

Libraries: MediaPipe
