EDUCATION

ITM Skills University

Bachelor of Technology in Computer Science

Aug, 2024 – May 2028

CGPA - 9.12

EXPERIENCE

Junior Developer Engineer, QA Tester

8Bits Group

Month Year – Month Year

Client-Site Deployment

- Worked directly with clients on-site to gather requirements and understand real-world software use cases
- Tested applications and ensured implemented features matched client specifications and functional expectations
- Collaborated with development teams to troubleshoot issues and assist in problem-solving during deployment
- Developed Excel automation scripts to streamline data processing and reduce manual operational effort by

ACHIEVEMENTS

2x Hackathon Winner

2024 – 2025

ITM Skills University

- * Developed a smart traffic-routing application to help ambulances bypass congestion and reach emergencies faster
- * Built an AI-based soil analysis application to assist farmers in assessing soil health using image analysis

National Cyber Olympiad (NCO)

Year

Rank 2

- * Secured 2nd place nationally in a cybersecurity and logical reasoning competition

International Mathematics Olympiad (IMO)

Year

Rank 3

- * Achieved 3rd rank in a mathematics competition focused on analytical and problem-solving skills

PROJECTS

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL, JavaScript, HTML/CSS

Frameworks: React, Node.js, Flask, FastAPI

Developer Tools: Git, VS Code, Eclipse

Libraries: pandas, NumPy, Matplotlib
